Wednesday evening State Engineer Doremus and some other water experts will address a mass meeting of the people of this end of the county at American Fork. The farmers of this section are taking a great deal of interest in the giving the Government hearty cooperation in the matter. City Councilmen Bone and Clark have been appointed to represent the city at the meeting and will endeavor to get more water for the city.

Artist J. T. Harwood and family have been spending the week in Lehi with Mr. Harwood's parents. They have just returned from a two years' study in Paris and are resting up.

**New Treasurer Appointed.**  
Special to The Tribune.

**London Stock Market Slack.**  
LONDON, May 22.—Owing to the approach of the Whit Sunday holiday business on the stock exchange last week was slack.

The enormous success of the Japanese loan was of absorbing interest, the premium being at from 2 to 3 per cent on the issue price, being well maintained. Most gilt edge stocks were still in favor and the tone of the market was fairly good, with the exception of the American branch, which following Wall Street, was heavy, sports of buying being followed immediately by sales to take profits.

Ring up 1053-2 for all kinds of repairs or alterations on your buildings. Screens and job work a specialty. Estimates cheerfully given. H. F. Williams, 160 East Second South.

HARRIN, May 21.—The expected meeting of Vice-Admiral Skrydloff and Victor Alexeff has been postponed. The admiral arrived here this morning and found awaiting him the viceroys' orders to proceed to Vladivostok without going to Mukden.

A peculiar mineral has been discovered near Modena, which exhibits a variety of colors. It has the appearance of being a blending of rare metals. Assayers are unable to decide just what to term it, as it carries a little of everything, apparently, but not enough of anything to be of value. It has been located named "jackstone" as it contains traces of a number of base metals.

F. A. Starkweather, representing the Chicago Great Western railway, is here, looking for shipper east.

Reports come from St. George of a very abundant, beneficial shower on Thursday night. Everything in Dixie is said to be as flourishing as the green bay tree, as the seasons have been very propitious in that section.

**EXCURSIONISTS ANNOYED BY FREIGHT WRECK**

Special to The Tribune.  
EUREKA, May 22.—The Rio Grande Western excursion brought about 50 people from Salt Lake today. During the afternoon a freight train ran off the track in the canyon between here and Goshen, and as a result the excursionists were transferred to the regular train and taken to Salt Lake tonight, and the regular passengers and mail were brought up to Eureka on the excursion train. The wreck will be cleared away in time to allow the passage of the morning passenger train.

**Morocco Will Grant Demands.**  
TANGIER, Morocco, May 22.—The Sultan of Morocco left this morning to meet the British, who are said to be at Beni Mellal. Mohammed El Toros, representative of the Sultan of Morocco at Tangier, has empowered the sultan to say that the Government will grant all of the demands of Raisuli. If Don Pelayo, the American, and Cromwell Valley, the British captives, are handed over immediately. The soldiers already have been withdrawn from the districts where the bandits are located.

**VON BUELOW HAS NOT LOST FAVOR WITH EMPEROR**

BERLIN, May 22.—There has been considerable vague talk in the newspapers representing the opposition since the recent debate in the Prussian House of Lords that the position of the German Imperial Chancellor, Count von Buelow, has been shaken, but so far as is ascertainable there is no foundation for it.

Several influential agrarian leaders criticized the chancellor in debate, but absolutely nothing has occurred showing that he had lost the favor of Emperor William. Both the Emperor and Count von Buelow attended the wedding of Count Eulenburg's son yesterday at Liebenburg. Official business interviews are occurring as usual between the Emperor and the Chancellor. The idea of making Gen. Buddie, Prussian Minister of Railroads, the successor of Count von Buelow is regarded as ridiculous. His political experience being considered much too inadequate.

**DENVER AND RETURN, \$20.**  
Via D. & R. G. R. R., May 20-21.

Five days' transit limit in each direction. Final limit June 15. See any Rio Grande agent.

## A CRAZY MAN

FOUND EATING AN EGG, SHELL AND ALL.

Rational people thought it was awful, as the shell is not food value, and was, of course, indigestible and injurious. It is just as crazy for rational people to swallow a lot of cod liver oil to get the medicinal curatives from it, as it was for the crazy man to eat the egg, shell and all.

Modern science has proved that the oil, or greasy part of cod liver oil, has no value whatever, and only upsets the stomach and retards recovery. It is the medicinal elements which are enveloped in the cod liver oil, of which there are about fifty, that represent all the tonic and curative power of the famous old remedy.

A preparation containing all the medicinal curative elements of cod liver oil, actually taken from fresh cods' livers, but entirely free from oil or grease, must, therefore, be the very best tonic and reconstructer possible. Such is Vinol. It positively does contain every one of the fifty odd medicinal curative elements of cod liver oil, fresh and sweet, just as the egg shell contains the nutritious food, and we throw away the useless, indigestible oil, just as you throw away the egg shell.

Knowing its wonderful medicinal and curative power, we guarantee to restore health and strength to the following or refund their money without question: worked people; old people; weak women; nursing mothers; puny, ailing children; convalescents; or to people suffering with hard colds, hacking coughs, incipient consumption and bronchitis. Vinol never fails to make rich, red blood and give strength to the weak and health to the sick. Try it on our guarantee. If it doesn't do you any good it won't cost you a cent. Druehl & Frankenstein and the Smith Drug Co.
